COMING NEXT...

During the coming months, partnership are planning to:

- Continue our work on “In-service training programme and handbook”
- Develop Media-Rich Mini-Learning Format Health Literacy Resources
- Meet again on 28th of August in Porto, Portugal in order to discuss the next steps of the project.

WHAT HAS BEEN DONE?

The first part of the work in the ELEVATION Project is creating educational content for IO1, IO2 and IO3 resources.

The first Intellectual Output is a suite of 24 thematic mini-learning format resources for key competence acquisition that embed learning in artistic disciplines; cultural disciplines; digital and social media; sport and hobbies.

The second Intellectual Output of the project is an in-service training programme and handbook to support adult and community educators to harness the full potential of the bespoke embedded learning resources provided.

The third Intellectual Output is a community learning festival planning handbook that contains all the necessary plans and resources to organise a community learning festival.

2nd TRANSNATIONAL PROJECT MEETING IN POLAND

MEETING IN RZESZÓW, POLAND

Members of the ELEVATION PROJECT met for the Second Transnational Partner Meeting on 24th of February 2020 in Rzeszów, Poland.

THE HOSTING PARTNER

The Second Transnational Project Meeting of the Elevation Project was organized by the Polish partner – INNEO (The Center for Training and Research).

INNEO – is a non-profit association based in Rzeszów (Poland). The main mission of the organisation is providing training and research for social and economic development on local and European scale. The fields of expertise are labour market, entrepreneurship, education, and creative industries.

The second project meeting started with a short review of the project – intellectual outputs, objectives, schedule and general development.

The meeting was filled with discussions on the resources developed by the ELEVATION partnership in previous months.

Firstly, partners presented a draft framework for development of the mini-learning-format resources comprising IO3 of the project. Then, the partnership analysed and discussed the value proposition of the IO2 Induction Training Programme for adults on the margins of lifelong learning. Next, partners discussed the framework concerning the IO3 and agreed the functionality of the e-learning platform.

Additionally, consortium discussed administration, technical and management issues of the project.

The meeting was finished with clear division of tasks among partners and establishing deadlines for coming months.
